

HYDROSTATIC PRESSURE TESTING MACHINE INDIA

Model No.
K-HYD-03xi

Description

Being a renowned manufacturer of the testing machinery Kant Plastology bring forward an amazing assortment of HYDROSTATIC PRESSURE TESTING MACHINE. The offered machine is manufactured under strict supervision of highly qualified professional who has keen knowledge about base fundamentals and test procedure. The machine is manufactured with modernize technology and prime grade material. In order to ensure quality, the entire range is rigorously tested upon a series of parameters. The offered machine is very user friendly and operational ease. Kant Plastology offers the entire range in various customize specification as per requirement.

Specification

MODEL (K-HYD-03xi)	
No. Of Stations	3 test station with 9 outlets
Unit Of Pressure	kg/cm ² , BAR
Pressure Range	0.00 to 99.99kg/cm ²
Pressure Resolution	0.01kg/cm ²
Time Range	999.59 Hours
Time Resolution	1 Seconds
Hydraulic Circuit	Made from corrosion-less S. S. 304 tubing and fittings
Pressure Developing System	Through rotary operated piston pump
No. Of Pumps	Single
Pressure Control System	Pressure regulating device incorporated with pressure reservoir / accumulator
Paint	Powder coated
Power Supply	440V AC, Single phase, 50Hz
